TO WHOM IT MAY CONCERN

This is to certify that I have known Craig Maxwell Anderson since 1975 when he was selected as a representative of the Eastern Suburbs Hardcourt Tennis Association and have been a close friend of his since that time.

Craig is a very fine professional tennis player and international coach. At various times, he has won both New South Wales and Queensland State Tennis Titles. On numerous occasions he toured professionally overseas in Europe and America with a high degree of success. Later he coached in international sporting complexes in America, Queensland and New South Wales. He has won numerous Eastern Suburbs Titles and consistently played division one Blackwell Cup, the most prestigious Sydney competition. Craig is now the Manager of the tennis complex owned by his family.

As a professional coach, and businessman, Craig is intelligent, highly organised and an expert in his field. At Noosa, Boca Raton (U.S.A.) and in Sydney he re-organised the tennis structure with great success. He has applied the very latest overseas techniques and combined them with a sound knowledge of sporting practice in Australia. He is entrepreneurial, works out very competent coaching programmes for his students and has excellent relations with various sporting firms and with the Eastern Suburbs sporting public. He is admired for his motivation and enthusiasm.

As a person, Craig is an extremely friendly, warm, responsible, loyal and trustworthy person. Whether on or off the court, he is an enthusiastic, easy going, confident person and this enthusiasm and confidence have a very positive effect on his students.

Consequently, I have every confidence in recommending Craig to you. You will find him a person in whom one can have the fullest trust.

Yours faithfully,

M. B. Hayne

Dr M B Hayne B.A(Hons), B.Sc.(Ed.) Ph.D, M.R.A.H.S.,
(Lecturer)
